

Gathering Artists of Putnam Membership Application

OVERVIEW

GAP is an artist group built on the model of a collaboration of creative people working to elevate the awareness of art in Palatka and the broader Putnam County, Florida community. GAP seeks to maintain a high level of creative thought, technical presentation, inventiveness, and inclusion, and encourages all artists who share our vision to apply for membership.

Our Membership Committee takes several factors into consideration when considering new artists. The quality of technique, originality, creative vision, and salability of the art are priorities in considering an applicant's art. Since we are a highly collaborative group, we also put a high value on artists who are motivated to be active volunteer members, with skill sets that can contribute to the success of the gallery and its artists. Our application includes questions about your availability, experience, and skills. While none of these factors are required for membership, they will add weight to your application. New applicants are encouraged (but not required) to schedule an informal face-to-face visit with some of our artists and board members during gallery hours to get a feel for how we exhibit and work together.

GAP strives to be inclusive, so we encourage applications. If an application for GAP membership is not accepted, the reasons will be explained, and constructive recommendations will be offered to assist the artist in preparing for a future application.

GAP MEMBERSHIP CATEGORIES AND DUES

Please circle the membership category for which you are applying:
